

New Track – August 2020

IF

we had more volunteers BAC would invest in Electric Timing and Photo Finish

IF

we had more volunteers BAC would run Call Room

IF

we had more volunteers BAC field events would finish earlier

IF

we had more volunteers no-one would have to attend every competition

If your children, grandchildren, nieces or nephews take part in athletics or you are a senior athlete please consider giving some of your time back to the club. Everyone at the club is a volunteer including our coaches, officials and committee members. The more people willing to volunteer the more the club can do for the athletes.

Some voluntary roles will require a small amount of training. Some roles will require work before the competition. In an ideal world 6 people train to operate photo finish, a minimum of 2 people per competition. 4 people to register athletes. 4 people to train to co-ordinate the call room. The more people who volunteer and qualify to officiate either in track, time keeping, starter, starters assistant or in field events would make everything run so much smoother, BAC are good now but we could be so much better with your help!

South West Athletics have organised an Officials Development and Taster Day on Saturday 14th March. There will be opportunities to use Photo Finish and EDM.

For further information please pop into the office at the track and speak to us. Let's get qualified this year and be part of the Bournemouth Athletic Club.
